DEMOCRACY

A Democracy is Founded Upon Equal Rights, Equal Duties and Equal Responsibilities For All Citizens.

OVER THERE

Some where in France, Negro soldiers are making history, is where in France, Ethiopia is stretching forth her hand to

It has leaked out, according to authentic reports, that for a long while American Negro, trops have been holding a front line of trenches in battle scarred France; not only have they made good in point of prisoners captured, but wherever they have been stationed they have gained the greatest respect and admira-tion of the French people and gre idolized by the French children Strange as it may seem, to some of those who are working

overtime to try and make sensible people believe that Negro men are a menace to the white women of America, there has not been a single instance of any complaint by the women of France as to the discoursesy of any American Negro soldier.

It is no uncommon sight in the villages where Negro troops are billeted to see a stalwarth black, man dressed in the uniform of the American Army assisting some French women to carry a bur-den. Often the sight of a Negro soldier helping a French woman to wash clothes or dishes, affords one the opportunity to wonder to wash clothes or dishes, affords one the opportunity to wonder why such a bue and cry is raised in America as to the danger of being near a Negro man.

"Soidats noirs le Amerique" as Negro troops are known is France, are making history that is destined to outlive any shirs that have been cast in the past as to the bravery of Negro soldiers

or the gentlemanly bearing of the average Negro civilian.

As to the fighting qualities of the "Soldats noise le Amerique" we think that the underpaid murderers of the Kaiser can testify most efficiently. Surely General Pershing knew just what he wanted, when he requested that Negro soldiers be sent him in the largest number passible.

- THE DAY OF SACRIFICE.

Just at this time when the call is long and loud, for all true Americans to lay down petty differences and all join in and help win the war, the call to sacrifice is knocking at the door of every home: Family ties are rent assunder and the pride of the home is being taken and rusked to the battle front that life if necessary or the suprepre sacrifice is to be made. We are called upon the sacrifice specifies for luxuries and pleasures. Mr. McAddo the President's aon in-law, has asked the men to wear patches on their pasts—SOME SACRIFICE.

There is vet a sacrifice that the American nearly sacrifice and pleasures.

their pants—SOME SAURIFICE.

There is yet a sacrifice that the American people must make if, we and our allies are to be victorious, over-the enemy. They mats-sacrifice Race Prejudice. It is stated that in the camp life of the solders race prejudice is fostered as one of cherished pride of the American white man. Negro sudjers are officially segregated. Of sourse, this has an awful effectupon the moral of the Negro. Not only upon those that are bearing arma in defense of the nation, but also upon those that are left behind. Race prejudice is a monster that should be fought vigorously. In as much as we all want to win the war and a united people is necessary, let us lay aside prejudice even if at a great sacrifice. Let's win the war,

THE LOYALTY DEMONSTRATION:

The Loyalty Demonstration Thursday, June 13, was a wonderful example of Negro fidelity to the Stars and Stripes. Primarily it was a benefit for the Cojored Women's Unit of the Council of National Defense, but it afforded an opportunity for a race of people to give vent to the feelings of patriotism pent by discriminations in other demonstrations since the beginning of the war. As editorially stated by a morning daily. "Nothing was needed to establish the loyalty of the Negroes. They havever been loyal." An opportunity was needed, however, for them to feel free to express their feelings and the Loyalty Day filled the wait. It was gloriously and magnificently executed and was a oredit to the apergetic little lady, Mrs. Victoria Clay-Haley, who conceived and managed the event to so givest a success. It will have a pronounced effect upon the white people who as yet hava not tearned the psychology of the Negro. This is evident from the liberal preca notices published the next day and the words of the white speakers at the The Loyalty Demonstration Thursday, June 13, was a wonder upon the write proper of the Nerro. This is evident from the liberal press notices purof the Nerro. This is evident from the liberal press notices purplished the next day and the words of the white speakers at the College. When Postmaster Colin M. Selph, during his impassioned semanta declared, "At this time, when America has thrown aloned semanta declared," At this time, when America has thrown in her lot to free the world for damocracy and humanity, the American race knows no distinction of creed or color. We hope these words were prophetic of a fair and liberal policy in the fu-

AN UNUSUAL AND HIGH-CLASS LOT OFFER

Here is your opportunity to invest a small amount of money and secure an excellent building lot in beautiful Orchardville, a townsite adioining Homestead, Orchard, the large cooperative fruit orchard in Benzine County, Michigan.

— Unlike other town lots, instead of waiting for them to increase in value in order to make a profit out of them, lots in Beautiful Orchardville will be made to earn mone; for you even before they increase in value. The lots are 30 feet wide and 144 feet long, making excellent building lots, and will be improved by us in such a way as to make the work for you for a great many years, earning handsome yearly profits on your investment.

The Price Of These Lots Including The Cost Of All The Work We Do Ia Only

\$47.50 each

Psyable At The Rate Of \$5.00

Down And \$2.50 Per Month.

Lack of space here prevents us from giving you all the details of this unusual offer, but we have a circular which fully explains every particular of it and which we will be glad to-send you on request. The circular efflains how and why the proposition was originated, how each lot will be improved and developed, and shows you the passible returns on the investment. This is an enlirely new proposition, and nothing like it, to our knowledge has ever been offered before

It is meeting with remembals.

It is meeting with remarkable success and the demand for the lots is increasing every day. The number of lots is limited and from all indications we believe that they will all be sold in a comparatively short time. Quick action is therefore necessary, and we suggest that you send for full particulars at once.

In addition to the circular on Orchardville, we will also send you one of our beautiful booklets, 'The Road to Independence' which gives you many bits of interesting information about Homestead Orchard and Benzie County, Michigan. But the circular and the booklet are well worth reading, and by sending for their you will not place yourself under any obligations.
